

D **STC-Schaftfräser**
Speedtwister-Inox,
 extra lang XL, Fünfschneider,
 ungleiche Drallsteigung, **5xD**

E **STC end mill**
Speedtwister-Inox,
 extra long series XL, five
 flutes, different spiral
 angles, **5xD**

I **Fresa frontale STC**
Speedtwister-Inox,
 serie extra lunga XL,
 5 taglienti, angolo elica
 disuguale, **5xD**

Einsatzbereich:

Trochoidaler Hochleistungsfräser für austenitische rostfreie Stähle. Für statische und dynamische Bearbeitungen. Sehr hohe Laufruhe und perfekte Spankontrolle durch modernste Werkzeuggeometrien setzt neue Maßstäbe in der Zerspansleistung.

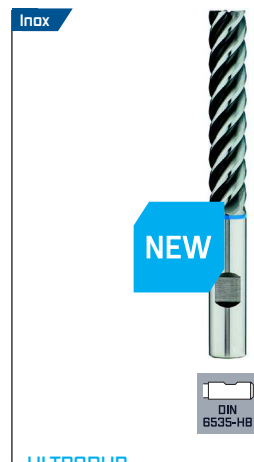

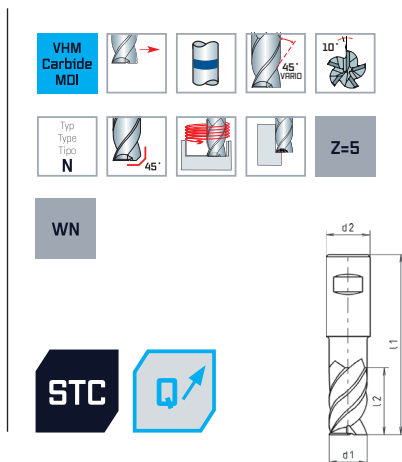

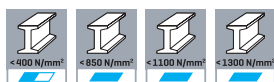

Range of application:

Trochoidal high performance carbide end mill for austenitic stainless steels. For static and dynamic strategies. Very smooth operation and perfect chip control through modern tool geometry sets new standards in chip removal.

Impiego:

Fresa trocoidale ad alto rendimento per la lavorazione di acciai austenitici inossidabili. Idonea per fresatura statiche e dinamiche. Elevata silenziosità e un perfetto controllo del truciolo dalla più moderna geometria dell'utensile stabilisce nuove standard nell'trasporto truciolo.
